Report Highlights:

A new Indonesian Ministry of Trade regulation will allow registered importers of alcoholic beverages to import duty-paid alcoholic beverage products as of January 2010. Previously, duty-paid and duty-free alcoholic beverages were imported only through a state owned company, as was directed by the Ministry of Trade.

General Information:

On September 15, 2009, the Minister of Trade issued a new regulation (No. 43/M_DAG/PER/9/2009) regarding the supply, distribution, sale, monitoring, and control of alcoholic beverages. The new regulation will become effective January 2010. The stated purpose of the regulation is to protect human health, public order, and community morals from the

negative impacts of alcoholic beverage consumption.

Import of Alcoholic Beverages

There are three categories of alcoholic beverages: 'Category A' containing zero to five percent alcohol; 'Category B' containing greater than 5 percent and less than 20 percent alcohol; and 'Category C" containing 21 - 55 percent alcohol. The description for the legal sale of domestically produced and imported alcoholic beverage products are stated in attachments I and II.

The regulation states that the companies that import duty paid alcoholic beverages must apply for an imported-alcoholic beverages permit (IT-MB) through the Directorate General of Foreign Trade. The main requirement for the IT-MB application is having the assignment letter authorized by country of origin Public Notary from 20 Principle of foreign brand/manufacturer and able to purchase minimum 3,000 carton /brand/year. The IT-MB is valid for three years and can be extended. State owned company is still appointed by the Minister to import duty free alcoholic beverages.

Alcohol beverages containing more than 55 percent alcohol and concentrates for the production of alcoholic beverages are not allowed to be imported into Indonesia.

Quota

The type and amount of the imported alcoholic beverage products allocated to fulfill national demand is determined by the Ministry of Trade and issued annually. The ports of entry for imported duty paid alcoholic beverages include the Belawan sea port, Medan: the Tanjung Priok sea port, Jakarta: the Tanjung Emas sea port, Semarang: the Tanjung Perak sea port, Surabaya: and the Soekarno Hattta sea port, Makassar: as well as all Indonesian international airports.

Distribution

Distribution and sale of alcoholic Beverages Category B and C is under the government control.

Direct sales are only allowed for duty paid alcoholic beverages, including categories A, B, and C, for on-site consumption at hotels, restaurants, bars, pubs and night clubs. Duty free shops are allowed to sell duty free alcoholic beverages, including categories A, B, and C in certain locations.

The direct selling and/or retail of alcoholic beverages and alcoholic beverage products to people under the age of 21 years is prohibited in Indonesia.
